

C16645927: CFAMX-26271 - MxNext - Cashier Settlement - Paid In / Out - CONFIRM Edit does not work

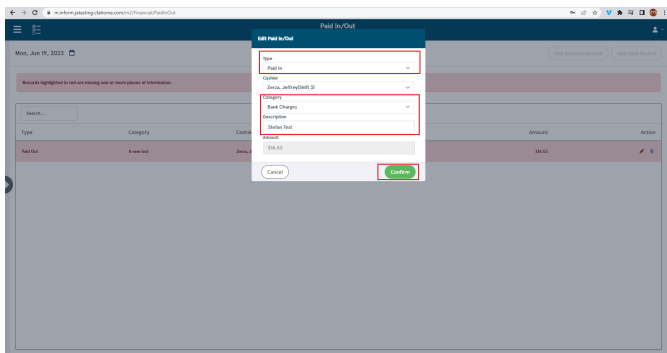

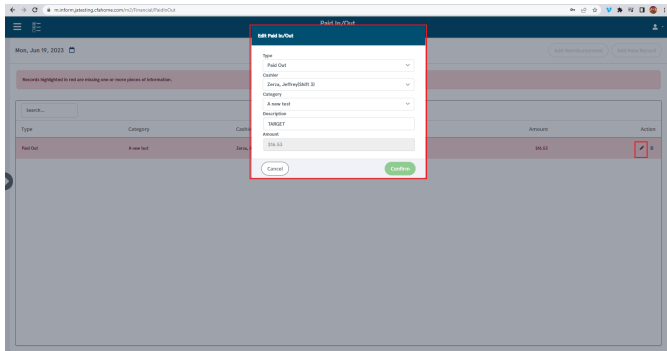

Type Functionality	Priority 2 - Medium	Estimate None	Milestone None
References None	Automation Status Pending Review		

Preconditions

Logged in User: sysadmin

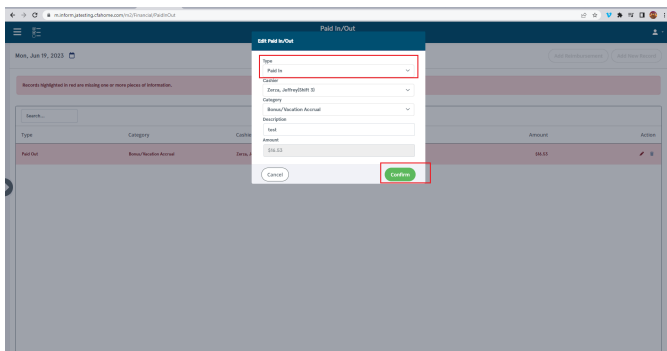

Steps

1. Login to MxNext
2. Switch store to 001640 - St. Johns Town Center FSU
3. When a paid in or out already entered the system after the day is finalized and the user is now on a different day in the same business period when the Paid In/Out Workflow menu option is clicked then a prompt modal will mention this and redirect to that day
4. Click OK on the prompt modal to correct the specified day's INCOMPLETE data
5. Navigate to the day that needs correction - 19 June 2023
6. Click the edit PENCIL icon - on MxNext and MxConnect
7. They can now change either the Cashier or Category to Enable the Confirm button
8. On changing either of the above click the confirm button

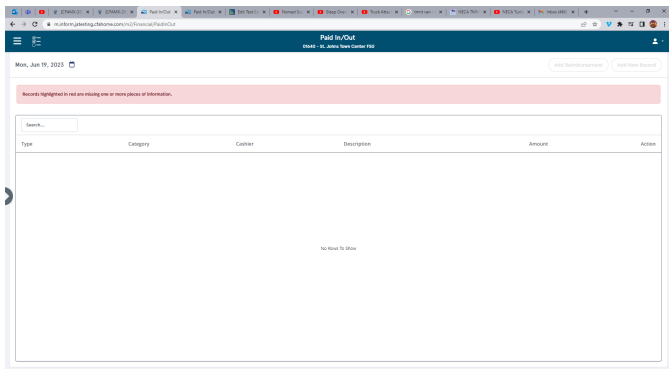

BUG

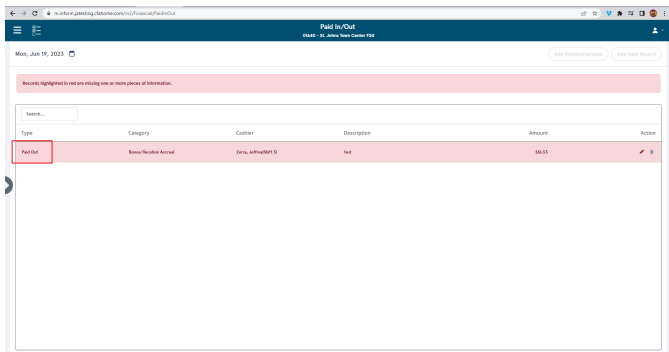

When the user changes the Type from Paid Out to Paid In and click Confirm

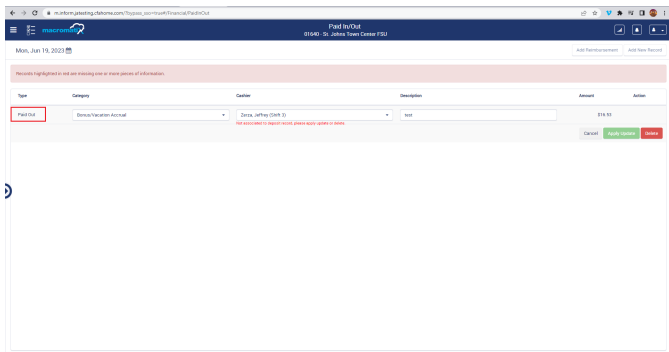

The record disappears

After refreshing, the record appears but is still in Paid Out state

On MxConnect, the user cant change the Type

Expected Result

The entered change should take place on the Paid In / Out grid
